Professional Experience and Curriculum Vitae
My name is Ignatius Fitzpatrick. I am an illustrator based in Co.Clare, in the West of Ireland. I have illustrated for many industries: advertising, publishing & animation. My work also hangs in a famous Dublin restaurant. I like to think it makes them eat with more vigour.

I don't actually speak French, but I wish I did. Google translate does the language on my work, so for any French speakers out there, I apologise profusely for any mistakes.
