Professional Experience and Curriculum Vitae

FLiP Home is a boutique furniture and homewares emporium with a carefully curated selection of vintage, modern and industrial pieces. With a focus on quirky, unique and chic items that are crafted using sustainable techniques, FLiP Home has the perfect range for your residential or commercial setting.

With collections as diverse as Danish designed handmade furniture manufactured from accredited recycled teak, to elegant table top ethanol burners and unique Mangowood art pieces there is something for every taste and style.

FLiP Home loves helping create the perfect outdoor setting so that you can enjoy the great Australian lifestyle. Using a dynamic blend of materials including acacia timbers, gloss powder coated steel and silver coloured hardware, the Toulouse range of outdoor dining tables and chairs will add the perfect atmosphere to your deck, balcony or poolside setting.

For unique aesthetics with an industrial edge the industrial furniture range from FLiP Home ticks all the boxes. With items fashioned from reclaimed boat timbers and with digitally enhanced perspex pieces, the Spectrum armchair invites you to take a seat, enjoy a wine and forget the troubles of life. The superior standard of craftsmanship involved in the creation of FLiP Home industrial furniture ensures that every piece blends style, durability and functionality.

Australia has some extraordinary buildings from the Victorian era Inner Sydney townhouses, to iconic Queenslander homes, to modernist apartments and commercial buildings. But the beauty shouldn't end there! The potential for expressing personality and style is endless, with all of these amazing structures waiting to be furnished. Whether you are looking for mirrors, carved artworks homewares or occasional pieces, FLiP Home has exactly what you are looking for.

Many interior designers find it hard not to be enamoured when they explore the exciting ranges of FLiP Home furniture and homewares. But FLiP Home would rather you explore the range for yourself, rather than just reading about it.

So take this opportunity to come and immerse yourself in the eclectic collections of FLiP Home in the online store. The site has an easy to navigate structure that allows you to discover the FLiP Home goods by collections. With streamlined shipping and postage, online furniture shopping doesn't get any easier. Normally it would take a walk to a funky little shop tucked in a lane to find such an inspiring range of homewares, but FLiP Home brings the experience to you whether you are browsing from the comfort of your home, or on your phone during a lunchtime break.

Sign up for the FLiP Home newsletter so that you don't miss any sales.
