Professional Experience and Curriculum Vitae
Joseph is an international award-winning photographer. As an Associate of Master Photographers Association (UK) and The Royal Photographic Society of Great Britain, he has achieved various accolades from The Master Photographers Association (UK), International Photography Awards (US), FEP European Professional Photographer Awards and recently, he has been crowned the Hasselblad Masters 2014.

Since 2009, he has clinched numerous awards in international photography competitions. Driven by the urge to make his mark, he's spent the time since then acquiring the skills he needs to run his business and entering numerous international competitions, success in which has helped him to acquire an international reputation. He has also taken part in many exhibitions, while his work has been widely published in magazines all around the world.

As a photography instructor and Photography Ambassador for Gardens By The Bay and Marina Bay, Singapore, Joseph is also a regular guest for photography talks, workshops and judging in photography competitions in Singapore, South East Asia and United Kingdom.

Infinitude provides interior and architectural photography services to architects, interior designers, developers, real estate agencies, hotels, retailers and advertising agencies.

Led by international award winning photographer, Joseph Goh, we are dedicated to create striking photographs of interior and exterior architecture to help our clients document their portfolios in the best possible ways.

Apart from the technical knowledge and photography artistic skills, we also provide professional re-touching and post-production as part of the service to digitally enhance the space that our clients have designed and built. We pride ourselves on delivering desired results by bringing out the best of our clients' works.
