Professional Experience and Curriculum Vitae
I'm a graphic designer, letterer and illustrator from Brazil and traveling the world, with a degree in Visual Arts from PUC-Campinas in 2015. Since then, I've been creating posters for film studios (Coat of Arms) and social media (ICONIC Network), T-shirt illustrations and book covers.

When not drawing or playing with bezier curves, you can find me posting pictures on Instagram, inspiring artists for ICONIC premium users to make a living doing what they love, getting to know a new country, or talking to myself on Twitter. I'm passionated by what I do and it's amazing to inspire more people to do what they love.
