Professional Experience and Curriculum Vitae

I am a Senior Multimedia Designer with 8 years experience in the media, marketing and advertising industry. With my focus on online/web and digital media. I have a Bachelors Degree in Visual Communication and a Certificate in Project Management.

I am an open-minded individual, practically orientated, deadline driven, a quick learner and love working under pressure.

My knowledge of the industry and experience as a Multimedia Designer is a valuable resource for any team and I am looking for a vibrant and dynamic company that can challenge me on all levels.
