Professional Experience and Curriculum Vitae
Looking for a different opportunity, Jackie moved from her hometown of Brooklyn, New York to Arizona in 1994. Jackie has been working as a professional photographer for the past 18 years. More recently, she has been working as an Editorial photographer and is most interested in People, Still Life Photography, and Food. Her work has been featured in various media outlets, including Arizona Business Magazine, Arizona Foothills Magazine, Barrow Magazine, The Intelligence Report, Phoenix Magazine, the Phoenix New Times, Valley Guide and Vim & Vigor.

Jackie's photographic talent allows her to capture a beauty and realness not easily expressed by words. Her images captivate and evoke feelings of a sense of place and the uniqueness of her subject's character in the viewers. Jackie envisions through her photographs unfolding a story that allows the viewers to connect to her subject as if they were there in person.
