Professional Experience and Curriculum Vitae

For the last 3 1/2 years I created medical illustrations for a company with a large medical database marketed to doctors, nurses and hospitals. At this time I am looking at different opportunities. I continue to work on developing my software skills.

During my career, I have designed and produced printed materials, including multi-page publications, brochures, collateral marketing pieces and invitations for a wide variety of clients, as well as brand identity pieces. I have extensive knowledge of design-related software, including QuarkXpress, Adobe Illustrator, Photoshop, Dreamweaver, Flash, HTML, and Adobe InDesign. I have created traditional and electronic illustrations and I am very experienced in using typography as an expressive element of my designs.

God Knows All Things about His People

God knows all things. He knows everything about each person. He knows what we think and how we feel. He knows even the secrets of our hearts. He knows when we are in need of help even when we don't tell anyone. God is with us and wants to help us.

God Knows All about the Universe

God who created the universe knows all about it. He knows how mountains came to be and how seeds grow. He knows the center of the earth and the most distant star.

God knows everything that is happening now. He knows about things that happened long ago. He knows all that will happen in the future. And God uses everything for our good.

Prayer Song

Where can I run from you, O God?
Where can I hide from your presence?
If I could fly to the highest heavens
You would be there
If I could sink down into the heart of the earth
You would be present there.
If I went to all to the ends of the sea,
Your hand would still be guiding me.
Not even darkness can hide me from you.
For you there is no darkness at all.
O Lord you know everything about me.
You know when I sit and when I stand.
You see all that I am thinking.
You know all my ways.
Even before a word comes from my mouth,
You know all about it.
You are behind me, before me and all around me.
You set your hand upon me.
Your knowledge is so wonderful, O God!
His too great for me to understand.
adapted from Psalm 139: 1-12

Praise to you, O holy God!
You are present everywhere.
You know all things.
You are so great.

Jesus Shares His Life with Us

Jesus told us about our life with him.

He said,
"I am the vine, you are the branches.
You must live in me, as I live in you.
A branch cannot bear fruit if it is cut off from the vine. If you live in me, you can do many good things."
adapted from John 15:5-7

Color the vine and the branches to make them more beautiful.

Trace over the words and read the message.

Jesus is the vine. We are the branches.
Our good deeds are the fruit.

We Remember
How did Jesus show us the Father's love?
Jesus died and rose to bring us new life.

We Respond
Thank you, God our Father, for your best gift, Jesus.

Words to Know
Savior disciple
Church Mary
 grace

What did Jesus say about our life and his?
Jesus said,
"I am the vine, you are the branches."
John 15:5

Family Corner
God shows his love for the human family by giving us his Son, Jesus, who died and rose to save us. He shows us how we can be happy every day. Because of Jesus we can live with God.

Read
John 14:6-7

Discuss
• How is Jesus to be loved and how good it is to find the way again.
• How we come to know God is better by listening to Jesus words.

Pray
"Here I am Lord! I come to do your will."
Do
• Take turns telling something you know about Jesus.
• Take a nature walk and see how life comes from death: flowers come from seeds.
