Professional Experience and Curriculum Vitae
Hi! I'm an IT student, currently pursuing my post graduation. I make things and quirky, funky and craft-y craft stuff as a hobby.. and so I enjoy it more than anything else!
I am planning to pursue it professionally too, by obtaining a degree in a design course. Meanwhile, I hope to earn more experience and help increase my exposure in crafts through this platform.

Previous Clientele
At a professional level, I designed the posters and banners for my college annual cultural fest in 2008.

Awards and Accolades
