Professional Experience and Curriculum Vitae
For the past several years, I have lived between New York City and Miami, shooting for clients such as American Express, Burger King, DIY Network, Food Channel, Microsoft, I LOVE NY tourism, and Sony. Specializing in location photography has given me the opportunity to shoot projects all over the world – from promotional campaigns for resorts in the Bahamas, the Caribbean and Jamaica, to aerial images in Tuscany. Most recently Vision Ease Lens sent me to Las Vegas, New York, New Orleans, Rio de Janeiro and Paris, France to capture some of the world's most renowned locations.

For the past few years I have also been creating motion and stills for many clients including The Vanilla Ice Project, Scripps, Bechtel, Celebrity Motorhomes. My clients, value my professional attitude, flexibility, and determination to give 110%. No matter what the challenge, I always bring a combination of professionalism, creative problem solving skills and positive energy to every shoot. With a team of professional contacts throughout the world, I can put together a successful project that meets your production schedule and budget. Whether your production is large is small, every project is carefully planned to meet your needs. I enjoy the collaborative process and I am here to help you make your vision a reality.
