Professional Experience and Curriculum Vitae

Jason Carroll is the owner of Epic Image, a full service Lake Charles Photography Studio that focuses on creating captivating and compelling portraits. We focus on quality over quantity and our unique process ensures that you only walk away with the very best portraits that you have ever owned. We understand that the portraits that you will be proud to show in your home should express you in a unique artistic and authentic way. While we are known for our luxury line of portraits and portrait products, we also have options for the budget minded clients that simply want great quality professional photography and photography products. You will find a large and very diverse portfolio that shows our versatility and the multi-disciplinary skill sets that we are continually growing in each of our photographers across the nation. We look forward to meeting you and working with you to make your photography dreams come true!
