Professional Experience and Curriculum Vitae
I've spent 3 years in Art School in Paris yeas ago, basically academic training in Painting, drawing, sculpture ,photography and design.

I worked for different industries since, such as fashion design, corporate design, logo and print design, web design and mobile design for the last 7 years... Meanwhile I training lot of junior designers and loved sharing my passion about design and seeing these people growing up and becoming great designers.

I got back to photography a few month ago and just realized how much I missed it.

Feel free to drop me a line if you need any further information or just to say hello ;-)
