Professional Experience and Curriculum Vitae
I'm an artist from St. Louis, Missouri who specializes in Childrens Illustration, Pattern Design, Hand Drawn Typography, and Whimsical Concepts. I earned my Bachelor of Fine Arts in Illustration from the Kansas City Art Institute in 2013. Along with my Illustration degree, I have a strong background in Graphic Arts and Visual Design. I spent three years (2008-2011) studying graphic design prior to my acceptance to the Kansas City Art Institutes Illustration program.

I generally work in a traditional manner, and I ultimately consider myself a marker artist. My tools are markers, pens, and typically Photoshop for pattern work.
