Professional Experience and Curriculum Vitae

I’m an Illustrator from Union, Missouri who specializes in adult coloring books, childrens story books, textile design, and cover art. I earned my Bachelor of Fine Arts in Illustration from the Kansas City Art Institute in 2013. Accompanying my Illustration degree, I have a strong background in Graphic Arts and Visual Design. I spent three years studying graphic design, prior to my acceptance to the Kansas City Art Institute's Illustration program.

I generally work in a traditional manner, and I ultimately consider myself a 'marker artist.' My tools are artist grade markers, fine line pens, and typically Procreate for final editing. My work is extensively detailed and vibrant, and the end result is a playful tone that balances bold color and dark smooth lines.

My art is published by numerous outlets and can be found on jigsaw puzzles, sticker books, notecard sets, greeting cards, coloring books, and childrens books. Questions can be forwarded to jadimmett@gmail.com
