

Professional Experience and Curriculum Vitae

Hello and welcome!
JeannieRichard is a husband and wife tandem (AND slaves to our two cats) designing distinct luxe jewelry and since 2011, chainmaille weaving (Richard) and bead stitching (Richard & Jeannie) has been an integral daily activity.

The marriage of the two mediums linear on the beauty of eclectic fusion of beads, gemstones, pearls, crystals and chainmaille that rise to your occasion, daily styling and your sentimental heirloom that endures the changing trends.

We hope you will love our jewelry and find something that makes you say, 'This Is SO Me!'

It is also our lifelong dream to establish a self-sustaining pet sanctuary for the abandoned, strays, sick and abused where there is no limitation of stay but with the option to be rehomed into a responsible and loving family. Thus, we will be dedicating a percentage of our earnings from JeannieRichard into manifesting this cause!

XO! JR
