## **Professional Experience and Curriculum Vitae**

I enjoy it, some of these include running, biking, lifting weights, and entering fitness contests. In addition to my investment in my own physical fitness, I also enjoy volunteering at the local Love problem solution and workshops for job seekers to help them build confidence, develop essential job skills, and succeed in interviews. My experience in the corporate world offers extensive expertise to draw on, and I am lucky to be able to give back to my community in this way.
