Professional Experience and Curriculum Vitae
Aloha!

After graduation from Hawaii Pacific University with an Advertising/PR degree (Multimedia minor) in May, I am back in Canada and ready to take on the advertising world! Despite being new to the professional ad world, I have quite a bit of experience including the following positions:
- Marketing Assistant/Graphic Designer - Ontario Tourism Education Corporation (OTEC)
- Intern - Anthology Marketing Group
- Creative Director/Art Director/Team Captain - National Student Advertising Competition (Task: Development of the $100 million, fully integrated ad campaign for JCPenney)

I have always had a passion for art and design, and cannot imagine having a career that does not involve some sort of creativity. I am the epitome of a driven, passionate young professional and hope to show that in a position within an innovative, dynamic creative services department!

Previous Clientele
Ontario Tourism Education Corporation (OTEC)
JCPenney (only as part of the National Student Advertising Competition)
