Professional Experience and Curriculum Vitae

My name is Jessica, but feel free to call me Jess. Jess Creatives exists to engage the community through outstanding and creative graphic design and photography with a Christ-like perspective. I have been working with small businesses, churches, and everyone else in between since 2011. I love what I do, and love being able to help my clients improve their brand with print and digital promotional materials, as well as websites and social media. I have always loved helping and connecting with others and hope to continue that through Jess Creatives.
