## Professional Experience and Curriculum Vitae

I'm Jessica, Jess, or to some, Merideth and I like to design things. I spent the last three years trying to make my way into the advertising world, and eventually decided to go back to school at Chicago Portfolio School. About a month in I learned that design was a better fit for me and have been pursuing that dream ever since.

My inspirations lie in awesome packaging, vintage clothes, tattoos and hand drawn type. I'm most in my element when I am able to make things by hand; drawing, painting or just plain being crafty. I love paper of all kinds and get oddly excited when I receive sample books from printers. I may be quiet at first but once you get to know me, you'll find I can talk your ear off. If you like what you see, give me try!
