Professional Experience and Curriculum Vitae
Specializing in adventure, architectural, advertising, editorial, industrial and lifestyle photography, J. Hanshaw Photography provides distinctive imagery for business clients in the commercial realm.

"My approach to photography," said owner Jeffrey J. Hanshaw, "in both my personal and professional work is to capture the spirit of the subject or visual of a thought by using light, technology and passion to tell the story. Anything less would be doing a disservice to my client and myself."
