Professional Experience and Curriculum Vitae
A blend of illustration and graphic design talent for children's book publishers, design studios, marketing, and ad agencies.

The illustration half renders story layouts and illustrates all book covers and interior art for various books including: picture, activity, humor, and early reader. Other projects include posters, packaging, and spot illustrations for magazines.

The graphic design half creates logos, corporate identity, print collateral, trade show graphics, posters, ad campaigns, billboards, and website designs. Full production and press check accuracy experience.
