Professional Experience and Curriculum Vitae

I am a graphic designer with experience in many disciplines. I help develop and implement world-class brand, design, and multimedia programs. I work with senior executives, internal education departments, web development groups and marketing organizations. Large corporation or small startup, I've been there.

I do logos, infographics, cartoons, web design, tradeshow banners and booths, presentations, animated explainer videos, ebooks, t-shirts, posters, collateral templates, photo editing, and more. What do you need?
