Professional Experience and Curriculum Vitae

My name is José Medina, let me help you push your next project to the MAX.

I am an enthusiastic and creative person; a hardworking yet demanding Art Director and senior level Graphic Artist/Illustrator with comprehensive experience in the design. Yet, perhaps because of my long experience in the industry, I am not afraid to get my hands dirty at any level. I enjoy the work from the most basic levels of finished art, to creative design of print media. I enjoy my work and love seeing the final result satisfy the client.

My approach to any design is SOLUTION DRIVEN. I don't have a particular style, I let the needs of the job dictate the approach. If you need a graphic designer that can give you fast original designs for your organization, feel free to contact me and I will be happy to put my talent and expertise to work for you.
