## Professional Experience and Curriculum Vitae

IF YOU WANT THE JOB DONE RIGHT, HIRE THE PROFESSIONAL! Freelance creative, providing content media in film, photography & design.

A desire to provide you with nothing but the best result is at the core of John Rourke's philosophy. John Rourke has a solid reputation and his numerous clients enjoy a professional and personal service no matter the size of job or project.

Located in the UK, John Rourke is a professional freelance conceptual creative, specialising in film, photography and design. For the past 20 years he has provided multi-discipline new-media solutions and concepts in motion graphics, broadcast, print, podcasts and web products and content across UK, Europe, USA and South America for design agencies, educational and scientific publishers, press, television, news agencies and directly with small business.

John Rourke prides himself on being able to work in any situation and can adapt to any challenge or location. John Rourke is available for commissions in the UK, and is also often called to European and International locations on exclusive commercial business and personal projects.
