Professional Experience and Curriculum Vitae

Don Johnston is a highly motivated photographer with a unique eye & ability to capture his passion for action. He has earned a solid reputation for his motion photography that definitely captures the emotion of vehicles, the excitement of performance and today's active lifestyle. Since birth Don has had a passion for motor sports and photography. That passion propelled him into a career that began with his education at The Center for Creative Studies (aka College of Art and Design) He immediately began working in Automotive Photography upon graduation. Before long Don was shooting national ad campaigns for high profile clients like Cadillac, Toyota, Chrysler, Dodge, Ford, Chevrolet, Volkswagen and Pontiac to name a few.

Today his body of work has evolved to include remote mountain location shots for Polaris snowmobiles, Jet Skis in action running through the warm Virgin Island waters for Kawasaki as well as cruising coastline road shots for Buell and Kawasaki motorcycles. Don has done a variety of Motorsports National Advertising such as race win ads for NASCAR, Indy, 24 Hour Rolex and drag racing.

His career and passion continues today through his work and his own road racing in SCCA, Avid snowmobile rider, snow boarder, water-skier and mountain biker.

All of this has been the perfect meld of Johnston's love of Photography, the outdoors and performance expertise.
