## Professional Experience and Curriculum Vitae

JoyEngine is an art gallery, apparel boutique, and online destination founded on creative collaboration and making the whole greater than the sum of its parts. JoyEngine is committed to progress through creativity... because sharing is cool.

JoyEngine functions as the super creative tentacles of cypher13. cypher13 is the creative alliance between a tightly knit collection of young visionary designers, illustrators, website developers, fine artists, brand strategists, and information architects.

The C13 team conceives, designs, and implements creative client solutions to build brand awareness, create buzz, and help make our clients brands all that they can be.
