## Professional Experience and Curriculum Vitae

Photographer Jon-Paul Mountford, is bristling with ideas that are both original and ingenious, he likes to play with reality.

Challenging and amusing he delights in realising everything from serene emptiness to the slightly impossible. The more creative the brief the more he enjoys raising the bar.

You can see many more images at his website [www.jpmountford.com](http://www.jpmountford.com)

He has just been listed as a double finalist in the International Photographers Master Cup.

He is seeking representation
