Professional Experience and Curriculum Vitae

Julie’s design aesthetic is kinda often described as a harmonious mix of modern sophistication and timeless elegance, but she will tell you it’s more like a steady rhythm really. She’s got a keen eye for balancing clean contemporary lines with softer, more traditional details, and somehow it all lands in spaces that feel current yet enduring. It’s that blend that makes everything feel polished, without feeling too strict , if you know what I mean.

Previous Clientele

Julie’s design aesthetic is often described as a harmonious blend of modern sophistication and timeless elegance. She has a keen ability to balance clean, contemporary lines with softer, more traditional elements, resulting in spaces that feel both current and enduring.
