Experience

Summer Discovery Institute Instructor at Virginia Community College System
June 2011 - Present (2 months)

Instructed a class entitled "Lights, Camera, Action." The class encompassed basic DSLR camera skills, video production, and basic editing skills using various software programs. Students worked in groups as well as individually to edit and produce quality videos and photographs.

Director of Media at Glass Dynamics Inc.

August 2010 - Present (1 year)

Designing company's logo, website, and commercial media. Creating dynamic product catalogues for print. Designing sample boxes to be shipped out with company's product. Taking product photos in studio and in field, then touching up in photoshop and uploading to web page. Managing the company's website which included all forms of media.

Producer/Editor/Videographer, Team Rider at Freebord Mfg

August 2008 - Present (3 years)

Oversaw Freebord Mfg.'s East coast Represent tour, in which I planned and operated a skate tour spanning from Virginia to Connecticut . I planned and managed all East coast tour stops, as well as managing the entire video production process. The process included filming, editing, and uploading finished media to the company's web blog. These videos were essential to the company's marketing strategy and received worldwide attention. Other responsibilities included: assembling viral videos for distribution on major web syndicates, providing mobile non-linear video editing, image manipulation and color correction of all assigned productions. Worked as a Youth Development Specialist at Boys & Girls Club of New River Valley, VA for 1 year.

August 2007 - January 2009 (1 year 6 months)

Responsibilities included: Supervised after school program and summer camp programs. Implemented youth development programs to middle school children, also
