Kape Illustration consists of a couple of illustrators from Timisoara, Evelyne Krall and Andrei Puic?. The works created by them are hand drawn, hand painted or digitally created. Andrei is a young passionate about comic books. He graduated the Architecture University, but in the end, he chose to illustrate and make comic books. Evelyne creates digital illustrations and gives them life through animation. The two of them met in 2012 in the newly founded team from Timi?oara, Folkolor. They had a series of collaborations, the most ample and complex work being the first issue from the comic series, „Terapie de Basm". After this collaboration,the two of them decided to form a team. Thus, in October 2013, Kape Illustration was born. Their activity is concluded with a collection of posters for cultural events, illustrations for t-shirts, album covers, character design, stand-alone illustrations, some short comic strips, a comic book entitled "Lit Birds" and a graphic novel entitled "Suferar", both currently under development.
