Professional Experience and Curriculum Vitae

Karen Woods Inc has been formed to create work of excellence and in response to a need to see the arts as a tool for expression, aid skills development and help develop flexible creative thinkers. From initial ideas to the final production of a tangible product we intend to use extensive research and development and participatory workshops, run by established working artists to explore a variety of themes and mediums. The core impetus of the work is collaboration between artists of all artforms and manufacturers.

Developing projects and creating art with narrative and heart, using traditional and contemporary techniques producing, and enabling others to produce, work of the highest quality.

Previous Clientele

National Trust
Foundling Museum
Knitting & Stitching

Awards and Accolades

Karen Woods is a textile and multi-artform artist with 17 years' experience producing her own art and running workshops and residencies for both the private and public sector.

Natalie Sinnadurai has 20 years' experience of arts administration and project management.

Awards and Accolades

Karen Woods was winner of The Embroiderers'
Guild Art of the Stitch in 1997
