Professional Experience and Curriculum Vitae

Katie Daisy is a wandering artist whose home is the prairie. Originally from a small farm in Illinois, Katie is greatly inspired by rural life. Ms. Daisy makes her way by enjoying simple country pleasures such as a sweet goldfinch song, swimming in lakes, canoe trips that creep into the night and sipping chamomile tea with honey.

After a rigorous (and fun!) bout of schooling at the Minneapolis College of Art & Design, Katie Daisy now follows her bliss as a full time artist. At only 23 years, Katie has worked for numerous clients, both large and small. Apart from freelance work, Katie sells art on the road at festivals, art shows, and online at her Etsy shop.

Katie currently lives in a cloud-hidden country home, nestled somewhere between the Smoky Mountains and pure bliss.
