Professional Experience and Curriculum Vitae

we know your place should look and feel like you, not like us. we'll take a room you hate to be in and make it one you don't want to leave.

we will ask you what your favorite movie is, your favorite food, your favorite song and your favorite outfit.

we will ask you where you normally eat dinner and we won't judge you if its actually in bed.

we will help you buy your first piece of art. we will help you MAKE your first piece of art.

we will ask you over and over if you love it, and if you don't we'll change everything until you do.

we will display your varied collection of princess telephones.

we will make a chandelier out of anything.
