## Professional Experience and Curriculum Vitae

Kelsey was once described by a corporate personal-affectiveness test as being an influential and articulate individual who has tremendous capacity to lead; someone who is not afraid to rock the boat, or even tip it, if the urge hits her.

Needless to say Kelsey now has a studio outside of the corporate walls, where she continues to drive creative concepts for a variety of clients and mediums. Designer, Illustrator, Art Director, Habitual line-stepper, Gin Drinker, and Mom of Two. Expect the first several rounds of design to be hand-sketched, and the fight for your brand to be to the death. Learn more at [vocaldesignco.com](http://vocaldesignco.com)

## Previous Clientele

Starbucks, Teavana, Seattle's Best Coffee, Washington Athletic Club, City of Bremerton, Nike, Fox's Seattle, REI
