Professional Experience and Curriculum Vitae

I am originally from Dorset and have lived in London for the last 13 years. It was a semi-temporary move but I love London more and more each year - I cannot see myself leaving for a while!

People ask me what else do I do other than photography... And my mind goes blank! It absorbs my time on a daily basis. But I do have very talented friends who perform and organise fun events which I obviously attend - but my camera is never too far away. I love new experiences as well as meeting people so having a camera on my shoulder allows me to discover new places and people every day.

My photography services support my lifestyle so I can invest in my personal work.
