Professional Experience and Curriculum Vitae
One of Melbourne's leading photographers, Kristian is constantly pushing the boundaries, creating striking images for his clients and the brands they work for. His style is instantly recognisable. With dramatic lighting and vibrant colour, he produces creative, fresh and super modern images.

The team at Kristian Gehradte Photography are passionate about enhancing your brand through visual imagery. We always get it right. Mostly because we're really good listeners, but also because we like to discuss all options before we start the shoot. Sure, stories are told through words, but just as many are told through images. And we want to make sure it's the right one.

On a technical note, we shoot with a world class medium format camera as it gives the ultimate quality, then we process your images with the best workflow techniques and retouch to the highest standard

The creative process is what Kristian lives for. Nothing makes his heart go thump more than delivering imagery that you'll love.

Previous Clientele
Apple Inc. Borders, Guess, Toyota, Hong Kong Racing Club, JP Morgan, Bodyshop
