Professional Experience and Curriculum Vitae

a 37 years old bloke who currently reside in frankfurt, germany + he is a total geek when come into design + been designing since he was 8 + really? yeah really really + well he easily have 30 years of experience by now + but professionally it's been only 16 + he enjoy being in front of computer and tormenting his brain to find out what is the best typo for his client logo, what is the suitable colour to represent them and many more + if he dont do so, he love to run around the park and enjoy a good sunny day + he also enjoy making noise by strumming his brand new gibson les paul custom (he do have fender strat too) full stop.

You are welcome to read his thought and also to see some of his work [here]</p>
