Professional Experience and Curriculum Vitae

At Kia Designs our Interior Design service is all about you: we strive to help you create a home that reflects your personal tastes and needs. Established in 2008, Kia Designs has many years experience in the interior design trade and makes beautiful homes for clients throughout London. Kia Designs looks at every job individually and creates homes that reflect the people who live there and how they like to use their home: a well planned home will instantly create harmony and balance. The studio, run from Kia's home, provides individuals with an expert interior design service; The Kia Designs team is dedicated to creating a beautiful home for every client and not simply creating a design to reflect the studio. The expert personnel have helped clients create the luxurious home they want and is dedicated to creating the client's home on time and on budget every time. Kia Designs has an expanding customer base, located in and around London, including a large amount of private residences. Kia has a wealth of experience with which she helps to guide clients through every step of the way, her sheer enthusiasm for every detail of the project is infectious and her team are constantly looking for inspiring colours and materials that create the perfect mood of each and every part of the house. Whether the design is starkly modern or richly luxurious.
