## Professional Experience and Curriculum Vitae

By way of introduction, I'm Clark Kincaid, a commercial photographer with over 20 years of experience. I'm based in St. Louis where I've earned the trust of international, national and local corporate, advertising, and editorial clients, ranging from Fortune 200 companies to family businesses. I'm hired for a wide variety of assignments, reflecting a broad range of budgets.

After over two decades, the visual potential and creative possibilities of each new assignment still compel me to bring a fresh perspective to every project. Perhaps I can help bring a project to visual fruition for you.

Kincaid studios has over 20 years experience in commercial photography servicing the advertising, editorial and corporate community.  
Our studio is in St. Louis. We also have location experience worldwide.
