Professional Experience and Curriculum Vitae
"Creating unique images of life and living"

I'm a Western Australian contemporary fine art and portrait professional photographer. I seek to create extraordinary contemporary images swelling with the beauty of colour and natural forms, yet from a perspective that is often surprising and graphically startling.

I am extremely passionate about my craft and I am driven to create unique imagery of insights with verve in colour and form. I have photographed around the world, and I love, and am grateful, that my clients and subjects are so amazing and varied.

I have been a photographer for 20 years. I am an Accredited Professional Member of the Australian Institute of Professional Photography, the Australian Commercial Media Photographers and the American Society of Media Photographers. I am also contributing member with Heartfelt and have full clearance with the Australian Working with Children Check.

My photographic style is bold and contemporary and I am keen to create something unique for you. If you think my style would suit your commission, but can not see anything similar on the website, then I would like the opportunity to talk with you about what you are looking for.

Enjoy your visit, and please contact me if you have any ideas you would like to discuss, design concepts that you are seeking to solve, or if you would like to see more of my imagery. I am available for commercial and private commissions globally.
