Professional Experience and Curriculum Vitae
Kompost Productions is an innovative design boutique consists of four artists who come from different backgrounds. By combining their strong individual skills Kompost Productions achieve outstanding creative solutions for their clients.
Kompost Productions mission is to serve the media, entertainment and music industry with its original concepts and creations, while maintaining a certain artistic integrity to the work produced.
Kompost Productions offers its clients all aspects of motion and graphic design, content development, 3D and conventional illustration, digital and tradional animation, film, cartooning, corporate identity and branding.
Kompost Productions has already successfuly completed several music videos shown on MTV and VIVA. Kompost Productions work has been shown in International arts and animation festivals such as Resfest. TV commercials produced by Kompost productions have been broadcasted on VH1, NY1 and Telemundo.
In addition to motion work, Kompost Productions has also created print and web design for companies such as Duotone snowboards, F2, Barker shoes and Mammut.
Kompost has strong cultural ties in Europe. We are currently involved in creating projections for a theatre production in Paris, France, and with méxicoNOW art organization.
