Professional Experience and Curriculum Vitae

Kowcher is a design studio based in Singapore. Dabbles in graphic design and other creative things.

Previous Clientele

Prior to founding the studio in 2011, I spent two years as a full-time graphic designer with a local design firm. In my time there, I had the opportunity to work on various projects for clients ranging from multi-national corporations to voluntary welfare organizations. Some of these clients included companies such as Kraft Foods Asia Pacific, Singapore Red Cross, Methodist Welfare Services, Dover Park Hospice, and the National Health Group, Singapore.

Awards and Accolades

I was conferred a BA (Hons) in Graphic Communications by Loughborough University (Leicestershire, UK), delivered via the Nanyang Academy of Fine Arts, Singapore. I also hold a diploma in Communication & Media Management (Temasek Polytechnic, Singapore). This multi-disciplinary background in design, media and communication has been invaluable in my design practice.
