## Professional Experience and Curriculum Vitae

I'm a 24-year old California-based writer, editor, designer, and creative with a penchant for sci-fi and bendy straws. I gave the middle finger to my 9-to-5 job over two years ago, started my own business, and haven't looked back since. In my spare time I run Search & Dresscue, where I focus on fashion, blogging tips, and lifestyle inspiration.

## Previous Clientele

Monster Worldwide, Cheezburger Network, Consumer Media Network, Chris Pirillo, Gnomedex, Hips For Hire, and others
