## Professional Experience and Curriculum Vitae

Krystof Kriz is a photographer currently based in the United Kingdom and in the Czech republic. He is working as a freelance photographer and part-time at the School of Art/Birmingham City University. He has gained MA with distinction in Visual Communication in 2007.

His work has been published and exhibited in the Czech Republic, England, France, Germany, Lithuania, Poland and India.

Photography is his profession and the way he chooses to express himself. He creates visual stories that communicate with the viewer in a narrative, allusive, critical and documentary fashion.

He speaks fluent Czech, English and German. Kriz has gained experience while working for the media industry, for the contemporary art gallery, publishing house as a curator. Main strengths of his photography is the convincing approach on lighting and composition which is supported with his great interpersonal skills which are invaluable when shooting on the set and communicating with people.
