## **Professional Experience and Curriculum Vitae**

"Ob Kunstbetrieb Alujevic als Landschafts- oder Portraitfotograf oder experimentell arbeitet und Situationen inszeniert, er erschafft in seinem künstlerischen Werk immer wieder neue Welten, in denen sein ganz eigener Stil sehr gezielt zur Darstellung gelangt. Es werden Stimmungen geschaffen, die normalerweise selten beim Betrachten von Fotografien empfunden werden. Strukturen werden plötzlich menschlich, und das Menschliche wird in seiner ganzen Ambivalenz gezeigt. "
