Professional Experience and Curriculum Vitae

Hello. I'm a painter and illustrator based in Glasgow, Scotland, but with clients internationally.

For illustration, I believe in good work for good clients, a flexible friendly approach, clear communications and workable deadline and - most importantly - for us to be delighted with what we achieve together.

In painting, I am delighted to consider commissions, as well as enquiries relating to existing work.

Buying artwork from me is really simple. Please just email me in the first instance with details of your project or idea. I can provide the following:

- illustration to order or from stock;
- art prints;
- original paintings;
- photographs from stock;
- design for your flyer / poster / tattoo / invitation card / label / logo, etc.

In all cases, please just get in touch and I'll send you more information with no obligation whatsoever.

Previous Clientele

I have produced work for large corporations, including work for The North Face, Wrangler, Lee Jeans, 7 For All Mankind and University of Glasgow; bands and clubs (images for websites, merchandise, posters, flyers, etc.); and individuals (art prints, wedding invitations, greetings cards, tattoos, images for websites, t-shirt designs, etc).

I also collaborate with playwright David Leddy on an ongoing international tour of the award-winning play 'Susurrus', with site-specific artwork for each new location. You can read more about this production at http://www.davidleddy.com/.

Client references are available on request for serious enquirers.

Awards and Accolades

Please kindly get in touch for more information.

Awards and Accolades

My work has recently been included in Print magazine's 2010 Regional Design Annual, Graphic Design USA's annual report feature, and Graphis's 100 Best Annual Reports 2011.
