Why should you own a Shark Navigator Lift-away NV360?

There are more and more vacuum cleaners available on the market. If you are looking for a multi-purpose upright vacuum, here is the solution for you: Shark Navigator Lift Away Deluxe Nv360 upright vacuum. The below will mention the reasons why you should own one for your house.

About the Shark Navigator Lift Away NV360 – What is inside this device?

Shark is a well-known brand for manufacturing vacuum cleaners. Shark navigator lift away deluxe (NV360) is one of the most popular devices manufactured by Shark. This model offers more than what you can look for a vacuum with a lift-away press button, anti-allergen complete seal technology, swivel steering, upholstery tool, and 5.5 inches crevice tool.

What is inside this blue Shark vacuum?

Inside this device, there are nine essential parts: a handle with a stretch hose, accessory holder, extension wand, portable lift-away pod, motorized floor nozzle, dusting brush, crevice tool, air-driven pet brush, and appliance wand.

Why should you own a Shark navigator lift away upright vacuum (NV360)?

If we have to list the benefits of this model, it will be difficult to provide the full list. Here are the reasons to explain why you should have a Shark NV360 upright vacuum for your house.

1. Safe for allergy sufferers

Shark navigator lift-away deluxe NV360 upright vacuum uses a HEPA filter to trap allergens inside the device. With anti-allergen complete seal technology, the disease-causing particles will have no chance to affect those who are sensitive and allergy with feathers.

2. Using your vacuum in 2 modes: Upright and Lift-away

When the device is used in upright mode: Upright vacuuming is ideal for cleaning floors and carpeted areas

When the device is used in lift-away mode: you can take the Lift-Away Pod with you around the house to vacuum hard-to-reach surfaces.
3. Easy to empty the dust cup
It is highly suggested to empty the dust cup each time you vacuum, or when it appears full during cleaning.
You can simply remove the dust cup from the motor base. Then, hold it over the trash receptacle and press the bottom door release button. Take a dry paper towel or cleaning
