### **Professional Experience and Curriculum Vitae**

Hello, I am Lesley and I live in Brighton. I love my work and I am working in a company as a store manager. And I want to explore new technologies and I also want to do work another field also and this time I am working in Garbage Disposal In New Jersey as a plumber. I search on internet about this work and it's so interesting and I really like to do this work. I also love to go on tour in my free time.
