Professional Experience and Curriculum Vitae

Lia Konrad is a 21- year old aspiring self-taught photographer and digital artist currently based in Hof, Germany. Inspired by fairytales, nature and music she began to create compositings in 2013. After Lia met the international photographer Benjamin Von Wong at a meetup in Germany, she started with epic- and surreal photography in November 2014. In her pictures she brings dreams to life and tell stories, using photography as well as digital art elements. Her photos reminds us that there's magic in everyone and everything.
