Professional Experience and Curriculum Vitae
Daniel's ability to interpret a brief and add that certain creative flair to any assignment has seen him produce images for MasterCard, Pfizer, OPSM, Country Energy, BankWest, Top Gear Magazine and St George Bank, to name a few. His work has also appeared in numerous local and international publications.

Daniel began painting landscapes and people as a hobby but upon picking up a camera for reference shots, fell in love with the immediacy of the medium. He says, "I still use my painting skills in post production while grading my images which ensures that the end result is always my vision. I enjoy the whole creative process, from the inception of concept, actual image capture through to the final treatment in post."

Daniel served as NSW Chairman of the Society of Advertising, Commercial and Media Photographers for 3 years and is now a MASTER with the AIPP (Australian Institute of Professional Photography).

Previous Clientele
