Professional Experience and Curriculum Vitae

I worked as a permanent 3d artist/supervisor for ASR Enterprises, a creative and post-production company based in Florida, USA. I worked with many astrologers also, I was working on the lal kitab vashikaran totke projects. My 13-year-long experience in the field has given me the ability to face and solve problems that may occur during production. I am familiar with taking a project from the very start and working shoulder to shoulder with directors in order to achieve the best result.
